OTHER ACHIEVEMENTS: 2004 Paris Marathon - Ring of Kerry Cyclist 2004 - Nvidia Unreal Contest entrant 2004 - Student Course Rep 2004-06 - Four peaks (Ben Nevis, Snowdon, Carruntoothill, Scafell) 2005 - Feltham Faith Mentor Certificate 2007 - Building Design Image of the Week 2009 - Student Course Rep 2009-11 -

Personal statement

A highly motivated recent graduate with an honors degree in computer science, a portfolio of A-grade applications, and contributor towards several open-source projects. Prior to my degree I have a strong record of achievement in the luxury architectural illustration sector, providing exemplary levels of service to leading organisations such as RMJM, St Paul's Cathedral and Cambridge University. This experience has enabled me to develop not only specific media industry experience, but also a valuable and transferable skill set in this fast-paced sector.

Since obtaining my degree, I have worked on several successful projects such as unitool.info and mlfvs visualization studio. Utilising excellent communication skills, I have developed and maintained successful working relationships with internal and external colleagues.

Presently looking to secure a position in a software/web development organisation, where I can bring immediate and strategic value and develop my skill set further.

Education

2009 - 2011	Computer Science (BSc)	University of Wolverhampton (UK)	2:2
2004 - 2006	Computer games production (FDa)	University of the Arts, London (UK)	Merit+
2000 - 2001	2D/3D cad	Foras Aiseanna Saothair Tralee (IRL)	City&Guilds

Employment History

2010 - 2012	Independant developer	unitool.info	Wolverhampton
	-Sole developer on a web application that converts University of Wolverhampton's 200+ degree regulations into a simple ui for students to figure out their progression-trajectory.		
	-5000 monthly users.		
	-Concept, design, development, hosting and security all managed in-house.		
2010 - 2012	Architectural visualization artist	mlf visual studio	Wolverhampton
	-Owner/manager of a small cg studio making cg images and animations for architectural projects.		
	-Highlights include working on St Paul's Cathedral and scripting a geometry conversion utility for issuing sketchup models to clients.		
2007 - 2009	Lead architectural visualization artist	rmjm	Cambridge
	-lead visualizer making award-winning images and animations for rmjm's uk projects including Universities of Hertforshire, Buckinghamshire, Bedfordshire, Coventry and Leicester DeMontfort.		
	-Awards include rmjm "best visualization ever", and bdonline "image of the week".		
	-Coordinated teams of up to four specialists.		
	-Developed an automated render farm of 200+ PCs using sysinternals tools, batch files and wakeonlan.		
2004 - 2007	Architectural visualization artist	freelance	London
	-Responsible for making images of residential and leisure architectural projects across London, including Hemel Hempstead reconstruction following the explosion in 2005.		
2005 - 2006	Software tester	razorback	Croydon
	-Responsible for examining new builds of World of Warcraft on Nokia Ngage to verify fixed bug status.		
	-Credited with fixing bugs and appeared in the credits roll - next to William Shatner
